Mr. Scott Glende:

Thank you for asking me if you could bid on the hood cleaning service for Food Circus Supermarkets Inc. For well over 35 years we have used your fire equipment Service and have always been pleased. Therefore it comes as no surprise that your Hood cleaning service would be the best we could ask for.

I am writing this letter because I just got off the phone with one of our store managers. He called to let me know, that in all his years of having hoods cleaned, he never saw the hoods look so good. He then asked how much more did we have to pay compared to the last company we were using. When I told him that the cost was a little less he was surprised.

Well in closing, I'm not surprised. But I am very pleased.

Thank you,

Steven A. Wilkens
